

2021

JANUARY:

- CYBERSPACE IS NOT ALWAYS SAFE. BEWARE WHAT YOU SHARE,
- AS IT STAYS OUT THERE!

Cybercrime is a crime in which a computer or any other electronic device, is the object of the crime (hacking, phishing, spamming) or is used as a tool to commit an offense (child pornography, hate crimes).

A cyber criminal may use the device to access the personal information needed to commit cybercrime or to disable the device.

BEWARE WHAT YOU SHARE!

CYBER SAFETY AWARENESS TOOLKIT

2021

Think before you post, you can never permanently erase something that you have put on social media.

Check all privacy settings. Also, be sure to disable location settings, on your cell phone, camera and social media sites.

Be careful of friend requests from strangers. Fake profiles are often created by cyber criminals and sexual predators to get to you and your information.

THINK BEFORE YOU CLICK THE LINK!

CYBER SAFETY AWARENESS TOOLKIT

2021

Due to the high use of the internet, cyber scams and cyber fraud have disrupted bank accounts, sent viruses, and stolen personal information. Computer crimes are becoming popular and are hard to stop because of the growth rate of technology.

Never enter personal information or credit card information on unsecure websites, never reply to or click on any links that you have not used before, and never respond to an email or advertisement stating that you have won something.

JUNE:

COMMUNICATION AND TRUST ARE KEY

2021

Maintain open communication regarding cyber safety with your child. Insist on having insight into who they befriend on social platforms. Also ensure that your child is aware of the danger of agreeing to meet strangers that they have met online.

Limit web use to age appropriate websites, turn on safe-surfing options and keep up to date with the latest internet trends to maximise child safety. Set proper access control measures, such as passwords and user accounts to monitor access on all computers and mobile devices.

OCTOBER:

DECIDE THAT YOUR PERSONAL INFO IS CLASSIFIED!

CYBER SAFETY AWARENESS TOOLKIT

2021

Passwords should be a combination of upper- and lower-case letters, special characters and numbers.

Consider using a passphrase that is easy to remember and hard for someone else to guess, for example Gold1Lock\$_3bears.

Never write your password down or use the same one on multiple sites. Be sure to log out of apps or websites where important passwords are used.

NOVEMBER:

BE AWARE OF THE MOUSTACHE

2021

Always request identification from anyone entering your premises. Do not allow tailgating, visitors must always be escorted.

Be careful of which corporate and school information you post on social media sites.

Any outdated confidential information must be disposed of securely to avoid information disclosure through dumpster diving, a social engineering tactic.
